

Display 4.9

When world conditions permit, Olympic track and field competitions are held every four years. Display 4.10 and Display 4.11 are a table and a graph of the winning times in seconds for the men's Olympic 800-meter race.

1. Why are there no Olympic records for the years between 1912 and 1920? Why are there no records for the years between 1936 and 1948?
2. Write a question that you think is interesting and that would be easier to answer using the table rather than the graph.
3. Write a question that you think is interesting and that would be easier to answer using the graph rather than the table.
