

Investigation 8:

Water Conservation Partnership Plan

Key Question

Before you begin, first think about this key question.

How can you maintain your water resource?

You have investigated and read about water. What can you do in your community to maintain it as a resource?

Materials Needed

For this investigation your group will decide what materials are needed.

Investigate

1. At this point in the module, you should have a good understanding of the following key ideas:
 - where fresh water comes from;
 - what the properties of water are that make it such a valuable substance;
